

Product Information

Date: April 16th 2013

Product: NVX80 (Indoor / Outdoor Motion Detector for Harsh Environments)

Subject: Firmware version 1.03 released

Downloads: To download the firmware V1.03, [click here](#) (you will need to be logged into the web site for this link to work)

To download the NVX80 installation sheet which include the upgrade procedure on the last page, [click here](#)

*requires login name and password to download

Resolved Issues: **Call Service Message appears during power up**

Due to internal self-test at power up, the Call Service message could erroneously appear at power-up, we have adjusted the self-test to take into consideration the start-up procedure to insure that the Call Service Message appears only when necessary.

Contact: If you require additional information or if you have any questions, please do not hesitate to contact our support department.
