

Product Information

Date: July 27th, 2015

Product: NVX80 Powerful Indoor / Outdoor Detector with Anti-Mask and SeeTrue™ Technology

Subject: NVX80 firmware version 1.15 release

Downloads: To download NVX80 firmware, [click here*](#)

**requires user login and password to download*

Bug Fixes: **Exit from Microwave Anti-mask state.**

After the microwave anti-mask is activated, in some cases the PIR detection may stop functioning and the zone would appear to remain open.

If such case occurs, the detector will automatically exit the microwave anti-mask state after 120 seconds.
